Here are some recommendations and web links to check out for amazing/fun/adventure tours. I've done them and really recommend them. There are other companies out there, but these are my favorites.

Before you visit us, I highly recommend that you get a copy of "The Big Island Revealed" by Andrew Dougherty - it's the best guide book and it's funny and accurate. That way you can plan what you really want to see, and make the most of the time on the Island.

www.sunlightonwater.com swimming with the wild dolphins or manta snorkel at night - both ethereal and you'll never forget the experience.

www.captainzodiac.com - very fun fast boat ride, great snorkeling, adventure touring the cliffs and sea caves on the way back, maybe dolphins and pilot whales as well.

www.hawaii-forest.com trip to the top of Mauna Kea for sunset and star gazing with the astronomy folks from U of Hawaii is spectacular, well worth the money. They offer some other great tours as well.

www.waipioonhorseback.com is a wonderful gentle, no experience needed trail ride, love this one too.
